

WHY STUDY AT CALIMT?

Become a leader in today's global economy! Our MBA program focuses on **corporate social responsibility** and **business ethics**, and our "Doing Business Series" educates students in **worldwide business practices**. You will get the benefit of learning about cultural mores and business etiquette in one of the regions offered, as well as global business strategies and cross-cultural communication and negotiations.

Courses are **100% online**, so you will be learning from **experienced professors** trained in **global negotiations** and **cross-cultural learning** on a **flexible weekly study schedule** that you can fit into your current life.

WHAT CAN YOU EXPECT?

- **Frequent Start Dates:** Students are admitted on a rolling basis.
- **Affordable Tuition:** CALIMT is committed to providing an affordable, high quality education. See our website for tuition and fees.
- **Small Class Sizes:** In an online learning environment, smaller class sizes are important to help students get more one-on-one interaction with and feedback from their professors.
- **Study full- or part-time:** We know that juggling school and life can sometimes be daunting. You can choose to study full- or part-time as your schedule allows.

THE CALIMT ADVANTAGE

Our online MBA program focuses on developing students' leadership and management skills - specifically those that recognize the multicultural challenge of doing business in a global economy.

The program builds on the fundamentals of business and students have the opportunity to practice these skills through real-world case studies as well as through integration of their knowledge in actual work-related projects.

California Institute of Management and Technology's Masters of Business Administration Program is accredited by the Distance Education Accrediting Commission (DEAC). DEAC is listed by the U.S. Department of Education as a nationally recognized accrediting agency. In addition, it is a recognized member of the Council for Higher Education Accreditation.
